Dear customer,
hereby ROSVAL s.r.l. declares the following:

Compliance with Directive 2013/59/Euratom
With regard to Directive 2013/59/Euratom, we inform you that we have requested and obtained written guarantees from our suppliers, so that what is reported in this directive is respected.
Therefore, all the material supplied is guaranteed as non-radioactive in compliance with decree 230 (limit of 0.5 uSv/h above the natural background level).

Compliance with Directive 2000/53/EC (ELV)
With regard to the European Directive 2000/53/EC, we would like to inform you that we have requested all our suppliers to comply with this directive. Following the written confirmations received, we can guarantee you the following regarding the presence of the following elements in our castings. supply:
- Cr6 (Hexavalent Chromium): absent
- Hg (Mercury): below the detection limit of 1 ppm
- Pb (Lead): in cold deformation steels it is not prescribed and has a content equal to 0.010% Max
- Cd (Cadmium): below the detection limit of 1 ppm

Compliance with the "Conflict Minerals" directive
We would like to point out that we have requested and obtained from all our suppliers, written guarantees confirming that the materials we purchase do not contain the following materials from any of the areas listed in section 1502 in accordance with the "Dodd-Frank Wall Street Reform and Customer Protection Act" and defined as "Conflict minerals":
-Colombite
-Tantalite (Coltan) and its derivative metal Tantalum
-Cassiterite and its derivative metal Tin
-Wolframite and its derivative Tungsten
-Gold

Compliance with the RoHS 3 directive
With regard to the European directive 2015/863 in force since March 2015 and updated to 1 October 2022,
We would like to inform you that we have required all our suppliers to comply with this directive.
Following the written confirmations received, we guarantee that our products do not contain substances listed in the aforementioned regulations in concentrations exceeding the limits permitted by Annex II of the Directive itself.

Compliance with the Regulation (EU) 833/2014 and 1214/2023 concerning restrictive measures in view of Russia's actions destabilizing the situation in Ukraine
In order to fulfill our responsibilities, we have contacted all our approved suppliers of raw materials, who have confirmed that the materials supplied to us do not originate directly or indirectly from steel products (Annex XVII Reg.833/2014) originating in Russia and Belarus or that have been exported from the same countries.

Compliance with REACH (Regulation for the Registration, Evaluation, Authorization and Restriction of Chemical Substances Defined as Very Hazardous)
With reference to EU Regulation 1907/2006, which came into force on 1 June 2007, and subsequent additions, we confirm that:
- our company does not qualify as a producer/importer of substances under the REACH Regulation and therefore is not required to register-pre-register the substances it uses in its production process;
- the articles supplied are not subject to the provisions of the REACH Regulation as such cannot be qualified as "articles that intentionally release substances";
- our products do not contain any of the substances identified as being of very high concern (SVHC) included in Annex XIV of the REACH Regulation. This list called "Candidate list" of SVHC substances is periodically updated by ECHA and can be consulted on the web at: http://echa.europa.eu/it/candidate-list-table.
The last update to which this declaration refers dates back to **04 February 2026**.

Compliance with Regulation (UE) 2025_40 (PPWR)
With regard to the European Regulation 2025_40 (PPWR), we would like to inform you that we have requested all our suppliers to comply with this directive. Following the written confirmations received, we can guarantee our conformity as well.

For further information do not hesitate to contact us
